

DogLogic is providing an online course for our clients called **BASIC ESSENTIAL BEHAVIORS**. The course is taught by Lynne Stephens, a Karen Pryor Academy Certified Training Partner (KPACTP). She is an expert in positive reinforcement training at DogLogic.

The online course is \$198.00 for four month's access to the online course. It also includes two e-mail questions per week directly to Lynne. The course contains clear explanations and videos to give you practical and easy tips to train your puppy and you will be able to implement them immediately! When you take a well-trained furry family member out to the park, a social visit, or the veterinary clinic it makes for a much more enjoyable experience for all. Likewise, living with a well-trained pup makes for a happy family!

Sign up for this course by going to:
